Shaker Door Options

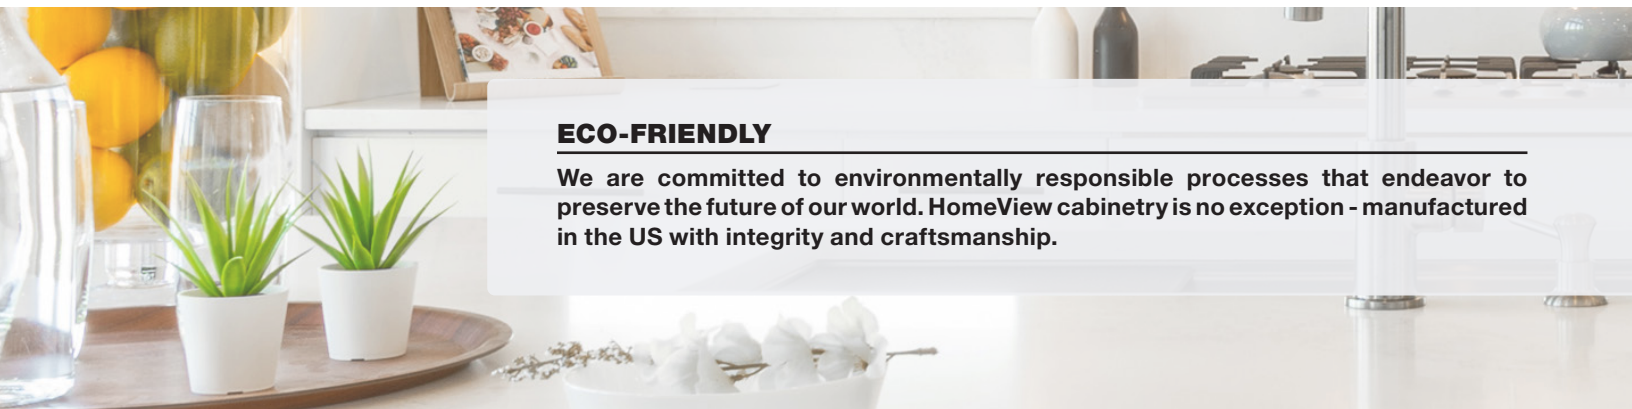

All doors feature 5-piece shaker construction and are made from MDI MDF substrate, making them moisture resistant and durable. Door and drawer fronts are 360° wrapped with melamine laminate.

STANDARD CABINET DIMENSIONS

Wall Cabinets	12" Depth	12" / 15" / 21" / 30" / 39" Height *
Base Cabinets	24" Depth	34 1/2" Height
Utility Cabinets	24" Depth	84" / 93" Height
Vanity Cabinets	21" Depth	34 1/2" Height
Linen Cabinets	21" Depth	84" / 93" Height

*39" wall cabinets eliminate the need for 36 and 42" heights (providing easier ordering and installation). They can be installed in rooms with 8' ceilings and finished with one piece of trim or installed in rooms with 9' ceilings leaving a 12" gap to the ceiling.

ECO-FRIENDLY

We are committed to environmentally responsible processes that endeavor to preserve the future of our world. HomeView cabinetry is no exception - manufactured in the US with integrity and craftsmanship.

All cabinets are frameless, with full access and full overlay styling. Panels and rail components are joined with engineered dowels, glue, screws or a combination of those components appropriate to the typical use of the cabinet. Appropriate cabinets have 6-way adjustable, soft close hinges and 5/8" melamine laminate box construction. All frameless case construction is made from commercial grade furniture board with laminated, water resistant surfaces. All cabinets are fully assembled and easy to install.

KCMA CERTIFIED

HomeView Cabinetry is proud to be KCMA certified for durability. The Kitchen Cabinet Manufacturers Association's (KCMA) rigorous, in-laboratory compliance program has measured the integrity of our cabinets through five tests covering cabinet structure, door and drawer operation and the cabinetry finish. Trust our cabinets because we trust KCMA, the organization that has set the standard for cabinets since 1965. Our KCMA ESP (Environmental Stewardship Program) certification reflects our continued commitment to preservation and conservation.
